Hello! My name is Jordan and I enjoy creating things that live on the internet. I have a passion for web development. I like to code things from scratch, and enjoy bringing ideas to life in the browser.

I'm a web developer. I spend my whole day, practically every day, experimenting with HTML, CSS, and JavaScript. I'm very good with REACT, JAVASCRIPT, HTML, CSS among other things. I build websites that delight and inform. Creating and maintaining functional, attractive and responsive websites.

I'm quietly confident, naturally curious, and perpetually working on improving my chops every single day. Here are a few skills that i have:

JAVASCRIPT
HTML
CSS
BOOTSTRAP
REACT
SASS
JQUERY
REDUX

Please visit my React built website from scratch at https://Jordansickler.com to see my work.
